USER STORIES:

User Stories Owner(Manager):

As an owner, I would like to be able to add houses, by providing their name, city, detailed address, phone number for contact, capacity, photo and maximum time for rental in days. For each house, I want to assign some keywords that describe it.

As an owner, I would like to be able to see all the houses added from my account.

As an owner, I would like to be able to see all requests for the houses.

As an owner, I would like to be able to accept a request.

As an owner, I would like to be able to deny a request.

As an owner, I would like to protect my address information until a request is accepted.

As an owner, I would like to be able to see information about the refugee: name, phone number.

As an owner, I would like to be able to see all accepted requests for my houses.

User Stories Refugee(User):

As a user, I would like to be able to access the platform.

As a user, I would like to be able to setup a profile consisting of email, full name and username.

As a user, I would like to be able to see all the houses available filtered by city, capacity and availability.

As a user, I would like to be able to create a request for a house and rent it for a period of time.

As a user, I would like to be able to cancel a request after the request is pending or accepted by the owner.

As a user, I should not be able to rent a house that is already rented at maximum capacity.

As a user, I would like to see all the houses with a request to rent.
